

Impact of Mention Location Putaway to Enhance Productivity

Idea Initiated by – Rupesh Londhe
Jan-26

CONCEPT

Before CI:

- The shelving racks do not have direction markings mentioned.
- During picking, the pickers are facing confusion in identifying the correct locations.
- Impacting the productivity

After CI:

- Locations and directions have been clearly mentioned on every rack.
- Displaying location information on racks helps pickers navigate accurately, simplifies the picking process and improve the picking productivity

Summary Productivity Improvement

Status	Month	Mandays use	Achivement	Touch Point	Per manday picking	Productivity Improvement
Before Mention Location	SEP-25	884	425359	2.01	481	0
After Mention Location	JAN-26	406	412795	1.93	1016	47%
