

	Procedure for Warehouse Management -CELIO	Document No	FM_II_IMS_035
		Revision No	00
		Date	01.01.2022

'Scope and activities

Activity scope includes for below functions.

1. Approx. volume for all the activities.
2. Security gate Inward entries
3. Receipts/GIR
4. Storage and binning.
5. Packing
6. Dispatches
7. Audit compliance
8. Daily Cycle Count
9. Supporting MHE
10. Daily/weekly/monthly reports and reviews.

1 Purpose and Scope

1.1 Purpose

This procedure details the process unloading, receipt, binning & Site dispatches, Record keeping,

1.2 Scope

This procedure applies to:
Material receiving at warehouse
Dispatches

1.3 Parent Process

Stores & Warehouse Management

1.4 Abbreviations

Abbreviation Full Form

CSS - Cummins Sales & Services

PI - Perpetual inventory

FG -Finish Goods.

CDOS - Common Dealer Operating System

API - Annual Physical Inventory

DN - Delivery Note (Picking & Packing Slip)

NPDN - Non posting delivery note

FAF - Frist Availability Fill Rate

FSF - Frist Shipment Fill Rate

2 Applicability

2.1 Business Function

3 Process Map

1. Receiving
2. Binning/Putaway
3. Picking.
4. Packing
5. Dispatch
6. Cycle count
7. Customer Return
8. Claim Analyzing

MIS- Daily/Weekly/Monthly Reports/Audits

- Daily Outbound Report
- Daily Fresh GRN report
- Daily Return GRN report
- Daily work load report
- Daily report for perpetual count /Cycle count report
- Monthly Kaizen /Process improvement reports.
- Arrange monthly review meetings.
- Monthly performance report.

Stores/packing/dispatch activities.

4 Process Steps

• Receiving

4.1 Describe the high level process in the table below (Recommended):

Step	Step Detail	Responsibility
