Export KITS Packing Improvement

Before

2517 1799
PA 00627
Qty - 1

Before we need manual wrote part on it & no description of material for packing of KITS, Leads to wrong packing of material (Idea no.5)

After

Confidential
25171799PA00627
Brake Spare Brake
Cylinder
QTY - 1

Now it has become easy to identify material with full part & Description on it, Reduces chances of wrong packing of KITS material

Filter MRP Label Bin Kaizen

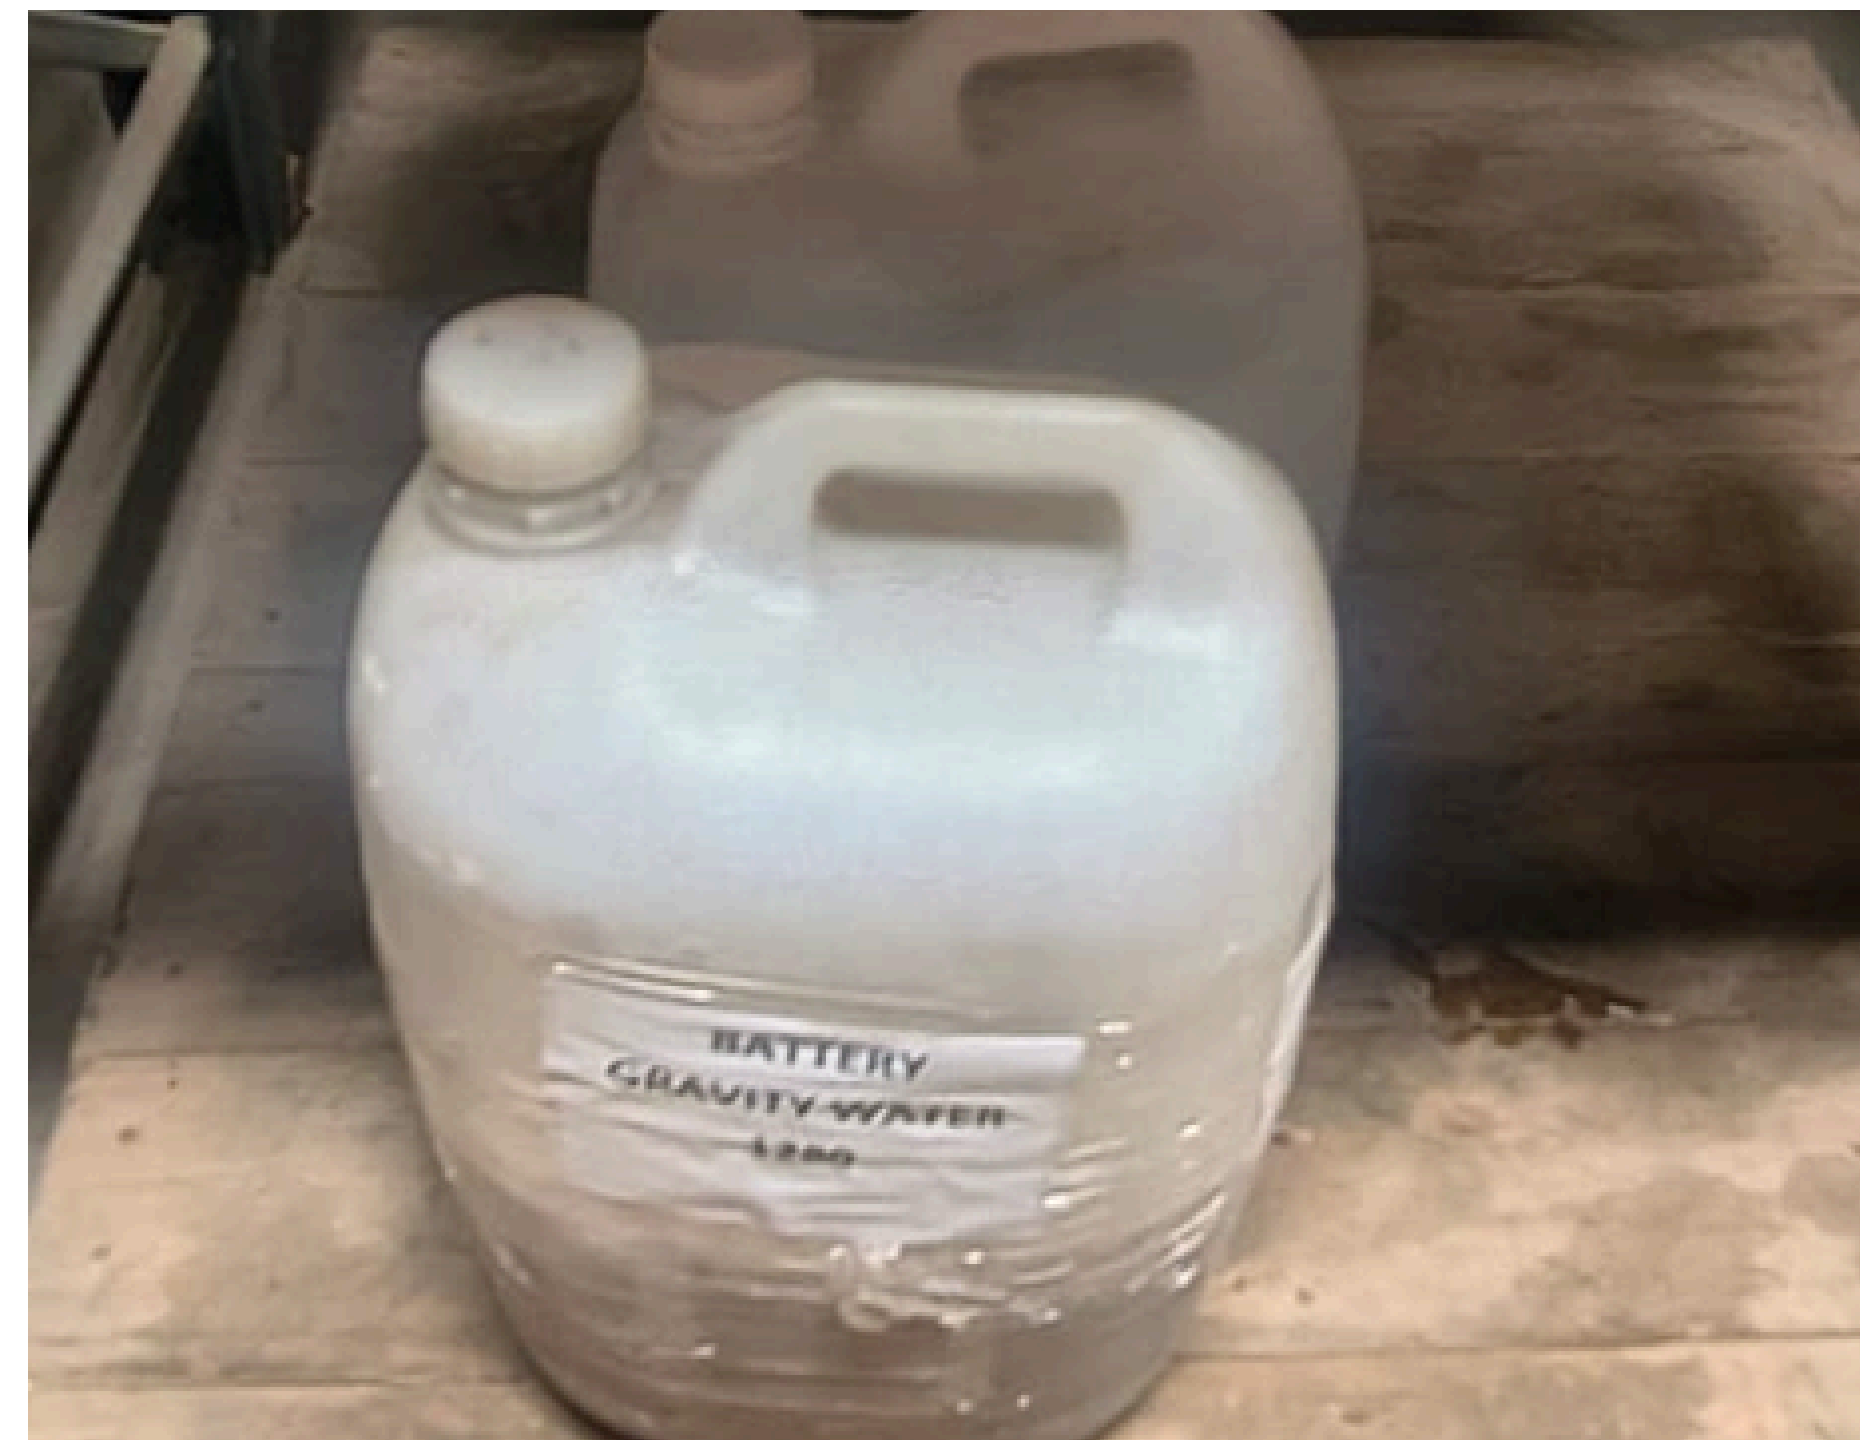

- Earlier There was no place to kept MRP label for packing of filter while dispatch of material.
- Due to this issue, we observe delay in packing of material & it cause to much coordination.
- After Creating Empty bins kaizen stand for advance storage of MRP Labels it reduced time for packing of material.
- Easy to identify MRP label & quick marking of material.
- No need of coordination for packing of materials.

Distilled Water Storage & Safe Workplace

Earlier There was no proper placement for storage of Battery distilled water & hazardous material

Now Created dedicate place with proper marking & storage of Battery distilled water & hazardous material for safe workplace

PICKLIST QTY INV. QTY

- 100% Location mapping done in LN.
- LN picklist was taking lots of space in alignments.
- No after picking details was mentioned on previous picklist.
- Revised picklist reformatting was done, and because of that space reduce which saves the papers and also accuracy in picking, directly increase the productivity.
- After picking details mentioned on picklist and its helps for packing and avoid claims.
- All reformatting and after picking details done in LN portal by FM team which is horizontally deployed in entire Saidhara.

RSO Material Tagging for FIFO Maintain

There was no identification of RSO (Return Sales Order) material & unable to maintain FIFO in inventory

Now for Return material we have pasted special marking/Tagging on it for correct identification of RSO material & to maintain FIFO in inventory

Axle Stand Storage & Space Utilizations

Earlier we putted big axle on single pallet, which consume more area to place material on location

Now placing big axle on metal pallet & single pallet carry 03 no's Individually & Consume less area for placing material

MRP Label Paste Kaizen on Corrugated Box

There is no provision for pasting MRP label on corrugated box & cases of wrong MRP packing

Now to Paste MRP label provision for putting proper label on corrugated box

Sling Belt Storage Kaizen

Sling & Used Belt observed on multiple place & high chances to get leg stuck & incident to occur in WH.

Created Box from scrap material to store all sling belt on one single location & easy to identify on time of requirement, Also make workplace safe for movement

A woman and a man in dark blue FM Logistic uniforms are standing in a warehouse. The woman is on the left, looking towards the man on the right. They are both wearing high-visibility reflective stripes on their jackets. The man's jacket has "FM LOGISTIC" printed on the back. They are standing in front of a yellow metal structure, possibly a pallet rack or a conveyor system. The background shows a large warehouse with blue metal shelving units filled with boxes. A large blue arrow graphic points from the left towards the text "Thank you !".

Thank you !

FM LOGISTIC
