Dear Sir,

This is to certify that the Supply and Installation work of **Heavy-Duty Racking System** is successfully completed on **15.07.2025** as per above referred approved Layout and Elevation drawing and Purchase Order.

The system is now ready for usage. The system will be safe and stable for the designed load under normal operating conditions as per terms below,

This Warranty and Stability is applicable subject to the below parameters being met:

1. The system is loaded and used within the rated load as per design mentioned in layout & elevation drawing.
2. Racking is carefully & safely used (i.e.) no dragging the pallet or the material while loading & unloading.
3. The MHE is safely operated (i.e.) without hitting (or) damaging the racking components.
4. The racking is only used in safe environment and not subject to contact / exposure with corrosive material or corrosive atmospheric condition.
5. Scratches or any metal exposure incurred due to usage is paint touched up on a timely basis to prevent rusting & spread of rust.
6. System elevation change to be done only with prior approval and consent from Godrej Storage Solutions.
7. The racking is subject to safety audit every year by a competent trained personnel / Godrej engineer & necessary repairs are carried out as required & hence maintained periodically.

This stability certificate is valid for a period of 1 year from the date of handover & need to be revalidated every year.

The System stability can be revalidated by a Rack Audit by Authorized Godrej Personnel.

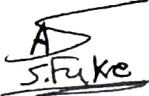

You may request our Engineers to explain safe working of racking for your operators, if required.

Kindly acknowledge this letter to confirm the completion of this project & Handover of system in all aspects.

Please fill up the attached Customer Feedback form to help us to evaluate your experience with us & initiate correctives wherever required.
